HIGHLY CONCENTRATED

SARSAPARILLA

Cures the Worst Diseases that ever preyed on the Human System, and saves Thousands of Lives

Annually

10,000 CASES

Of SCROFULA cured by this year and 5,000 Cases DYSPEPSIA and HUMORS, of which *proof* can be furnished This is the only medicine known to cure these diseases

THIS Sarsaparilla will beat TWO QUARTS OF WATER to a Bottle and then be far superior to any in use It is put into the Bottle in FULL STRENGTH and power, without reducing it and this is done for the special benefit of those who use it as it is objected to all other Sarsaparillas that they are Weak Clumsy, Adulterated, Sickish and are wholly incapable of reaching the seat and cause of the disease But this Sarsaparilla comes warranted to be

Six Times Stronger

than any other and Six Times Better Safer Surer and Cheaper than all others. *THIS* Sarsaparilla has bestowed on it some of the best MEDICAL Talents and Skill in the world, and CURES all the Sickness KILLS all the Pain and REMOVE all the suffering that it is in the power of Human means to do Cures

Scrofula, Dyspepsia, Jaundice, Live Complaint, Humors, Canker, Costiveness, Rheuma tism, Cancer, Debility of the System, Salt Rheum,

and every Disease which arises from Impure Blood!

CONSUMPTION CURED WITH KELLEY & CO'S SARSAPARILLA!

A PHYSICIAN, who is truly the most distinguished of any in a large City for professional skill CERTIFIES astonishing as it may seem, that he actually CURED a case of Consumption with Kelley & Co's Sarsaparilla, and says that there is no medicine in which he has so much confidence for Diseases of the Lungs" People will now see at the ELIXIR SARSAPARILLA Cure, but hundreds are knowing to the fact This INESTIMABLE Sarsaparilla is also doing wonders as in eruptive And save

SIR BENJAMIN BRODIE,

Surgeon to the Royal Family of Eng and that there is no other medicine which can APPROACH it in doing so MUCH GOOD and yet so INCAPABLE of doing injury What distinguished comp imeants are these? Never was there a medicine honored with STRONGER RECOMMENDATIONS It CURES when every thing else fails the

Severest Scrofula and Humors,

where the flesh falls off the bones—the bones are diseased and the DART OF DEATH seems ready to stir to the sufferer And the reason for this is, that it makes the BLOOD perfectly Pure Rich Healthy Quiet Free Nutritious It CURES all those ALARMING cases of DYSPEPSIA and JAUNDICE where the Liver is Swollen and Painful Strength wasting Appetite gone Pulse weak or feverish Skin yellow Nerves deranged Bowels Heath, Strength and Vigor to every disordered function of the System—causing them to move on just as Nature requires And for its WONDERFUL Power over Disease in every form and part which no other Medicine possesses, the public justly style it the

Master Remedy of the Age!

The great secret of all its triumphant success over all other Sarsaparillas is, that it does not temporarily the patient or prolong his sufferings But it first attacks the disease and stops it then removes it, then brings up the flesh and strength on a perfectly pure Blood so that the cure is a work thorough and permanent Others only scatter or back to the disease, but it EXTIRPATES it wholly from the system—this saves the patient while while others endanger it The manic Body is made so healthy by the use of this GREAT MEDICINE, the System so vigorous—Mind so cheerful—Nerves so quiet—Skin so fair—Spirits so buoyant, that Medical Colleges, Professors, and Physicians have given a preference for the sake of its Superiority, Try it all you who are seeking the PRICELESS BLESSINGS OF HEALTH

Ladies, Married and Unmarried

It is for you especially that this Sarsaparilla is made, as the HEALING ART has been tasked to the utmost to have it exactly suited to the female COMPLAINTS. These Complaints have never been cured for as they ought, hence it is that all the medicines which are used with the hope of Cure so miserably and entirely fail But this Sarsaparilla has the SPECIAL ability, the cure every Disease Affection or Pain which comes under this head It regulates the secretions corrects the irregularities of the System—restores strength to every part—beautifies the complexion—imparts a flow of spirits—cures palpitation of the Heart—removes Blotches, Pimples, Freckles

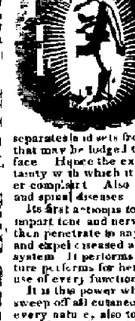
M'Alester's All Healing Ointment.



WHETHER this Ointment is worn upon the chest and warmed into the feet it not only acts upon the organs of the chest, but the wholesome vapors it emits in the act of breathing increase and activity and energy to those organs which it

separates and expels from every impurity or humor that may be lodged there, and imparts it to the surface Hence the extraordinary rapidity and certainty with which it cures asthma, coughs and every other complaint Also headache, agues consumption and spinal diseases

Its first action is to open the pores of the flesh impart tone and nervous energy to the skin and then penetrate to any part of the internal viscera and expel diseased and impure particles from the system It performs precisely in sickness what nature performs for herself in health leaving the full use of every function of the body

It is this power which enables the ointment to sweep off all cutaneous eruptions skin diseases of every nature, also to subdue all inflammations fevers and all bowel complaints—in short by freeing the pores of the skin open and restoring health and nervous energy to all the organs of the body

The Great Remedy for Gonorrhœa

GLEET, Stricture and all analagous complaints is Dr DOUGLASS'S ARABIAN PASTE Douglass as well known having practiced in the principal cities in the Union during the last 40 years His only reason for introducing the Paste in this public manner, is the consciousness that there are thousands of ill treated complaints in this city—thousands of individuals who are going down to premature graves by taking the miserable drugs of Quacks.

Dr D most solemnly affirms that during his practice of forty years the Paste has never, in one single instance failed of effecting a cure in a few days, without any change of diet or hindrance from business. He has had some of the most stubborn cases—cases that have resisted the regular course of treatment adopted by our first physicians, for months and even years but after taking the Paste for a few days the angry symptoms disappeared, and the patients were discharged entirely cured

If the unfortunate instead of drugging themselves with quack nostrums would apply here only one box of the Arabian Paste we should not see so many emaciated bodies and sallow countenances as we do at the present time

☞ In case this Paste should fail to effect a cure in the shortest possible time, ten times the price paid for it will be given the purchasers on returning the empty box

For sale only by the original inventor and sole proprietor Dr PETER G DOUGLASS at his Office No 55 Union street, Boston at $5 per box where he can be confidently consulted on every disease incident to the human frame and the patient relying upon the most honorable course of treatment that can possibly be adopted

The way it was Done.

The private history of the Buffalo convention is gradually leaking out, and the few White who were taxed hour by hour to follow the dictation of the Barnburners, and the leadership of Messrs C. Adams, Wilson and Allen, are beginning to drop back into the old party. The Buffalo Commercial Advertiser, one of the most reliable papers on the West, says it is looked to and regarded in the Country in the following statement in regard to the means used to effect the nomination of Van Buren

In the Committee of Conference, the platform was duly Butler as Chairman of Resolutions. When this duty was done, it was early the Committee was served and consulted, that the resolutions were not prepared. At this point Mr Van Buren was called to the room, and Mr Cantwell, who was known to possess the confidence of the Barnburners, was requested to call the Committee together. After a short consultation, the Committee declared that they could not agree. Mr Cantwell then arose and declared that the first ballot would be decisive, declaring that the first ballot would put a great Liberty candidate in nomination. The Committee then returned to the room, and Mr Cantwell declared that the Committee had agreed upon a candidate, and that the candidate was Martin Van Buren. The announcement was received with great applause, and the Committee then retired.

The next day when all was supposed to be fixed about right, a bolder move was made, and Mr Robert Williams of Michigan undertook to get an expression of opinion in favor of Van Buren. He began by saying that he was one of the Baltimore Convention of 1844, and undertook throwing Mr Van Buren overboard. He had now come to atone for the wrong he had then done, and after expatiating for a while on the necessity of harmonious action, he asked what man as best calculated to carry out the principles of this Convention? To this question, the report says, "there was a pretty general response of 'John P. Hale.' Undeterred by an answer so plump and decided, he speaker, says the report, "attempted to put in a word in favor of the radicals of this State but was interrupted by the cries of impossibility and was forced to abandon the effort to get a committal of the Convention in favor of Van Buren. It being thus made apparent that the nomination of the ticket upon a true basis could not be effected by a compromise, the plan of surrender was resorted to with what success and by what means are above related. We wish the Abolitionists, and those who came here with honest intentions to get a living representation of their principles, joy in a candidate so thrust upon them.

Free Soil Abolition Party

To the Editor of the Whig and Courier

The above new party in this State, has again changed its name. It has gone through a second metamorphose since its first birth—its growth has been slow, and its destiny uncertain thus far in its existence. No one has been able to tell what its object was, or where it would finally terminate. It was made up mostly of Whigs at the beginning, it has shown through its whole life particular hatred and animosity toward the Whig party.

Before we separated themselves from the party after Gen Harrison's election, and set up an independent organization called themselves Abolitionists. They worked their way along a while under that name and finding it not precisely such as they were satisfied with, they then took the name of Liberty party and professed to be friends of Liberty *par excellence*. After wearing out a few dull years as Abolitionists and all success they have again changed their name, and now call themselves the Free soil party—an old thing under a new name.

It is plainly from its origin has professed principles but never had an organization. It was he want of these principles, as they alleged that caused them to secede from the great parties which divide the country and organize a new party. They professed to be the peculiar friends of the black men of the South, and would do anything and everything for their enfranchisement. They were feeding good—emancipating the slave and keeping him in slavery. Let us see how they have accomplished and fulfill their great promises.

They commenced their organization in this State about 1841 and with their publications and exertions to that time a considerable number of followers by 1844 when the great question was to be settled by the people in the election of Clay or Polk. They never were united in their support for the people in this country by the election of 1844. It was settled and fixed by the candidates of the two great parties. Clay had declared himself opposed to the annexation of Texas. Polk had declared himself in favor of it. The Liberty party had throughout the Van Buren Democratic Convention at Baltimore declared that the annexation of Texas was not to be effected by a compromise, the price of marriage was resisted to with what success and by what means are above related. We wish the Abolitionists, and those who came here with honest intentions to get a living representation of their principles, joy in a candidate so thrust upon them.

Theological Seminary.

The anniversary of the Theological Seminary in this city occurs the present week. There will be a public Examination of the classes, in the chapel, in the forenoon and afternoon of Monday, and the forenoon of Tuesday.

The oration exercises of the Anniversary will be in the Hammond street church, and in the following order.

Anniversary of the Rhetorical Society on Monday evening. Addresses by several of the members.

Sermon before the Alumni, on Tuesday afternoon by Rev Franklin Yeaton, of St Stephens, N B.

Address before the Society of Inquiry on Missions, on Tuesday evening by Rev Dr Baird of New York.

Exercises of the Anniversary proper, by the Senior class, on Wednesday forenoon.

Address before the Rhetorical Society on Wednesday afternoon, by Prof Tyler of Amherst College.

☞ It was announced in the technical Free soil convention in this city, on Friday that a marriage had taken place between the Free soil party, and the Liberty party, and that the latter had taken the name of the former. It was suggested by a member of the late Liberty party that Woman's rights were respected in these days and must be in this instance. The nomination of Mr Curtis, for Congress, is an instance, probably, in which the newly made wife assumed the trowsers.

☞ Accounts from the settlement at the Salt Lake beyond the Rocky Mountains, to the 1st of May, state there was great suffering among the Mormons there, for want of provisions.—They were obliged to kill their working cattle for food, and the stock of breadstuffs were nearly exhausted. Their wheat and barley crops had been entirely destroyed by crickets, which appear in astonishing numbers, and like the locusts, destroyed every kind of vegetation in their path.

Fire in Auburn, N. Y.

A destructive fire occurred at Auburn, N Y, on the 24th inst, by which Mr D rug's block and several other stores were destroyed, and the New Era printing office was more or less damaged by fire and water. The Post Office was removed to escape the conflagration.—The loss is estimated at 30,000 dollars, which is covered by insurance.

Steamboat Collision.

Pittsburg, Aug 25

The steamer Meteor was sunk five miles below Steubenport. She was struck abaft the boiler by the steamboat Paris. Several German emigrants, deck passengers, lost their lives by this accident. The cargo, which consisted of bagging, was much injured.

The Democratic Convention which met at Gray yesterday nominated N S Littlefield of Bridgton for Congress—Sir Clapp having declined a renomination. The other nominations were—

Oliver F. Sanborn of Portland as Solicitor, Chas C. Harmon for County Clerk, Stephen L. Waterhouse of Scarboro' County Commissioner, Henry C. Babb Treasurer, for Senators, Leander Valentine of Westbrook, Charles Megquier of New Gloucester, J. P. Davis of Naples, and Ephraim Stevens of Cumberland.—Portland Inquire 25th

☞ The New York Post puts down the Bangor *Democrat* as one of the papers that has hauled down its Presidential nominations, and retained the names of Van Buren and Adams.—It probably intended to say the Bangor *Gazette* the organ of the late Liberty party.

☞ A mad dog passed through Haydenville and Conway, in this State, a few days since biting in its course several cows and dogs, some of which have since died. In one yard, where were four cows, three were bitten. The agony of the poor creatures in their mad state was painful to witness.

☞ We understand that it is the intention of the Free Soil Party, of Massachusetts, to nominate the Hon Samuel Hoar, of Concord, for Governor of the State.

SEE HOW THEY COME!

Gen Taylor in Louisiana.

The Red River Republican, heretofore democratic has run up the Taylor and Fillmore flag—"La Patrie" the Spanish paper at New Orleans, has done the same.

The Hon Joe Norval, attorney general of Michigan and formerly a democratic member of Congress is now an active supporter of Taylor and Fillmore.

There was a large and enthusiastic Taylor meeting at Reading, Pa. on Thursday evening last. The utmost enthusiasm prevailed.

Washington Rankles, Esq., publishes a card in the Westminster Md. Carrollonian, stating that he has heretofore acted with the self styled democratic party of the present day, but after mature reflection and close investigation of the principles of the two parties, he has come to the conclusion to support the man that never surrenders, and use all honorable means in his power to elect to the presidency, Gen Zachary Taylor.

Hon George Kramer, of Union county—"honest George," as his locofoco friends use to call him—an old, staunch unwavering democrat of the Jackson school and a leading man of the party, is now for General Taylor.

The Mississippi Telegraph announces the fact that in the next number the names of Cass and Butler will be hauled down from Kendrick and those of Taylor and Fillmore substituted. The Telegraph has always been "an out and out locofoco sheet."—The change to be made is certainly a great one, and one to be rejoiced at.

Portland Umpire.

☞ Thanks to Jerome & Co's Express, and also to Capt Jewett, and the gentlemanly clerk of the Governor, Mr Crockett for papers received on Saturday, in advance of the mail.

Seven Days Later From EUROPE.

ARRIVAL OF THE STEAMSHIP BRITANNIA, AT BOSTON.

Arrest of Smith O'Brien—No Material Change in Affairs of Ireland—Arrest of Mr. Elvin, who had taken Refuge in the Mountains—Critical state of Northern Italy—Attempt to Assassinate M. Thiers.

We are indebted to the Portland Umpire of Saturday evening for the following intelligence, received at Portland by Magnetic Telegraph.

The Britannia arrived at Boston on Saturday after a passage of 14 days.

The intelligence brought by this arrival is one week later than our last advices, and although it does not furnish us news of that serious nature anticipated by many, it is nevertheless highly interesting to the people of this continent—

IN IRELAND affairs have not materially changed though every day seems to lessen the probability of any serious outbreak.

Mr W Z. Elvin was arrested on Saturday evening last, at the rail road station in Wales whilst in the act of procuring a ticket to push him to Limerick where he intended to have taken refuge among his friends. He was conveyed by a special train to Dublin and lodged in Kilmainham jail.—After his arrest it is said he expressed himself satisfied of the hopelessness of accomplishing his objects, and that he was induced to leave his retreat in the mountains because the farther he went the more the people seemed to fear to harbor him or hold any communication with him.

There does not appear to have been any serious disturbance in any part of the country since the Cahirciveen affair, and according to the English accounts, it seems quite impossible, so long as the colonists, it seems quite impossible, so long as the government maintains its present attitude of repression.

FRANCE

The chief consideration in Paris at the present moment, is the critical state of northern Italy.

An unsuccessful attempt was made on the 6th inst to assassinate M. Thiers. The stone intended for him was received by a little girl who was seated opposite to her on the dwelling of M. Thiers.

A decree has just been published, removing the suspensions on persons convicted on the 23d of June against twelve of the most radical journals.

LOMBARDY

A fighting campaign under Charles Albert was in successful conquering all Lombardy was in this his grasp; now that the whole of Lombardy has been retaken by the Austrian army, and Charles Albert utterly defeated at every point is either shut up in fortresses, or has crossed the Piedmontese dominions.

Prussia still continues to fan the flame of political and social excitement. The people are occupied with the renewal of the war with the Danes.

The latest news from Vienna reports that the Emperor of Austria had resigned but no credit was attached to it. The whole of eastern Europe seems to be afflicted with the cholera. Four cases have appeared at Berlin which terminated fatally.

LIVERPOOL August 12—the cotton market is steady and actively.

In the corn market every thing has been quiet during the past week in the corn retail circles—Consols are about the same.

At Mark Lane on Monday last the finest description of English wheat sold at 54s a 58s per quarter which was in some instances a decline of 1s per quarter on our quotations of last week. The value of Flour on the same market is quoted at 24s, 28s for U S. and 23s @ 27s for Canadian.

Indian Corn meal adds buyers at 15s 6d @ 16 per Bbl. The value of the U S red wheat is 6s 10d @ 8s white and unmixed 7s 8d @ 8s 9d per bushel.

Flour both for home and foreign produce, continues steady and at the top price for best western canal is 28s a 30s per bbl, Phila 27s 6d, Baltimore, 27s 6d a 28s 6d, Ohio 27s 6d and Canadian at 26s 6d a 30s. The abundance of new potatoes in most of our markets has limited the demand for Indian corn so that in this market that article sold slowly at 33s a 35s for white and yellow.

From Texas and Mexico.

By the Steamship Ohio, from Vera Cruz via Galveston, the New Orleans papers have papers to the 10th inst to the latter place.

The election to supreme and congress are represented as being civilized during the past year in the State.

We take the following from the News as it gives some intelligence from Vera Cruz about the sale of public property not met with before in our exchanges.

It appears that considerable dissatisfaction occurred from the manner in which the sales of public property were offered at public auction, and a limit was considered an object for purchasers, was sold at a private sale to a new wealthy individual, who realized immense sums by these transactions.

We have obtained from different passengers the following items with the sales of public property at Vera Cruz by the Government Auctioneer:

At Public Sale.

Mere rubbish, such as no one wanted, although all sales at public property were advertised.

Private Sales.

The U S ship St Louis, cost some $220,000 when sold to Vera Cruz and unknown was exacted to the purchaser for the amount as undetected, (said not so, let the Government deny it) at $500.

The U S steamer Mary Summers (iron) that cost the Government some $30,000, and for which any quantity could be had in the market was sold for $12,000, for $3,000, and may be less.

The brig Architect, copper and coppered fastened, which cost some $ or $5,000, was sold at $400.

The surf boats were sold at private sale. The property at the Castle was sold at private sale. The property at the island of Sacrificios was sold at private sale—and all was sold at private sale, to those who were connected in its profits, before those who are recognized as the public had a chance of purchasing.

The *Arco Iris* a monument that most of the soldiers left from the American army had volunteered to serve in Yucatan. They were enlisted under a pledge to obey the orders of the Supreme Government of Mexico. Their commander is a Lieutenant, who has shown himself to be a good officer in the service of the United States.

The disbanding of the Rangers has led to fears of a rising of the Indians on the Texan frontiers.

Letter from Mr. Van Buren.

New York, Aug 24, 9 o'clock, P M.

The Evening Post publishes a letter from Martin Van Buren, accepting the Buffalo nomination, and adopting the whole platform of principles put forth by that Convention. He says it would not be a bill abolishing slavery in the District of Columbia, and shall write no more letters during the canvass.

Mr. Webster.

Hon. Daniel Webster intends making a speech at Marshfield on the 30th, sustaining the Philadelphia nominations.

COMPOUND SYRUP OF Sarsaparilla and Pipsissewa,

Prepared only by
ALBERT EMERSON,
DRUGGIST AND APOTHECARY,
Apothecaries' Hall, 4 Smith's Block,
BANGOR

THIS article is confidently recommended as a cure for all diseases arising from an impure state of the Blood such as *Scrofula, Salt Rheum Syphilitic and Mercurial Diseases Ulcerous Sores Pimples, and Diseases of the Skin generally* This Syrup is highly approved by the Medical Faculty, and is recommended as a natural remedy only for the purpose of an alterative, or as some would express the same thing, to purify and renovate the system in all long standing diseases, where the fluids of the body have become vitiated

Pipsissewa (the *Chimaphila Umbellata*, or *Pyrola Umbellata* as it is variously called by Botanists,) was first employed medicinally by the Aborigines of America and was first introduced to the notice of the medical profession in 1805 by the late celebrated Physician Dr B S Mitchell of New York Dr Peters of London says that it is an alterative in Scrofula and in other chronic diseases—it is generally supposed to possess almost specific powers and Dr Paris of London, speaks of a practitioner who relies wholly for success upon Pipsissewa by which he is enabled to cure Scrofula, in its worst forms.

When taken into the stomach it acts as a tonic producing an agreeable sensation, and assisting the appetite and digestive process, it promotes the action of the secreting organs, more especially the Kidneys, over which, indeed, it appears to exert a specific influence. In order to insure obtaining the benefit derived from Sarsaparilla, we have most admirably combined the Pipsissewa with it, so that its tonic and diuretic qualities will materially promote the good effects of Sarsaparilla

Certificate from Col Jaffe, editor of the Columbia Democrat.

OFFICE OF THE COLUMBIA DEMOCRAT,
Lumbia Columbia Pa,
March 3 1848

Dr Wm Wright—Dr Sir—I am one of the many, who, after a great deal of suffering, has derived the benefit resulting from the use of your Indian Vegetable Pills. I was induced to give your Indian Vegetable Pills a trial, and after having fairly tested their merits for myself and family, gave them a decided preference over every other preparation.

In every instance when afflicted with sick headache or with the stomach bilious I found speedy relief from the use of your Pills. By taking from four to six doses going to bed when indisposed, I have always been restored to health without loss of time and without the expense of a physician. Wright's Indian Vegetable Pills possess the distinguished merit of operating effectually, without disturbing the rest of the patient, and in my case without producing even sickness at the stomach.

Respectfully your friend, &c
JEVIL JAFFE

[From the Delaware Express, Delhi, N Y]

WRIGHT'S INDIAN VEGETABLE PILLS—Although not particularly friendly to patent medicine we are satisfied that we have become a convert to these pills, having had an opportunity on one or two occasions to test the remedy. For a gentle and prompt cure or two we'll be found quite though effective. Where *Sole* or other impurities have accumulated and require thorough medicine is required a dose of three or four of these pills taken on going to bed will be found effectual in cleansing the stomach and restoring the bowels to a healthy state. We speak from experience, and take pleasure in recommending the pills to the public.

Look out for Counterfeits!

Some are coated with sugar, others are made to resemble in outer appearance the original article. For sales consult to purchase from the agents only one or more of whom will be found in every town and county in the State.

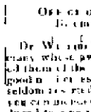
Billow's Celebrated

HEAVE CURE!.!



Which has been used with such astonishing effect in Europe and England in the last twenty years is now and has been for the last two years performing the most wonderful cures ever known in this Country More than

30 0 cases of Heave
25 0 cases of Chronic Coughs and Colds,
1000 cases of Broken Wind,
1500 cases of Affection of Bronchial Tubes and Glands,

500 cases of Flank and Broken Wind; and
800 cases of Inflammation of the lungs.

Have discovered by the extraordinary remedy since its introduction in the United States. The following is an extract from a letter received from one of our Missionaries in the Sandwich Islands, dated Honolulu, Oahu, Sept 1847.

"I have used Billow's Heave Cure in a number of cases with the most astonishing success, and I am fully convinced that it is the only sure remedy for Heave in the world. I have never known it to fail in a single instance, and I have used it in cases of the most aggravated form, and in cases of long standing, without doing anything for him. Having heard of the unparalleled popularity of Billow's Heave Cure I purchased three packages of it, and I think it has entirely removed the disease from that time to the present he has been perfectly sound and comfortable."

JAMES M WILLIAMS

UNIVERSAL CONSTITUTION MEDICINE

Read the following among of an eminent Boston Grocer

MESSRS FOX & GRANT Gentlemen—At the request of your Agent here I write you my opinion of your celebrated Jr Burr's Universal Constitution Medicine, as well as sure cure for the Heaves and all diseases arising from an affection of the bronchial tubes and the blood vessels; glands and the lungs and as a tonic it is genuine and alterative properties I recommend it to be the best medicine extant, for cases of Farcy, Sorfeit Cut or Bounder, Dropsy of the Head and Chest, Inflammation of the Lungs, Liver Complaint and Inflammation of the Kidneys and Menge. I consider it to be a vegetable compound which operates upon no two consecutive days in the same but will be found Duck and Sarsaparilla operates upon the human system I would call the attention of the horse owning public, to the fact that no remedy has ever been known to have an influence of enough neglect done as the Boultine Season or time of changing the hair, which takes place during the most inclement seasons in the whole year, at which time, if the horse is exposed and not protected the pores of the skin close up and the circulation of the fluids cease. If left to that condition, Disease in some form must ensue. It is at this time that Dondefoy's and *Smithfield Powder* indispensable, as it operates upon the pores and Fluids of that kind and causes the hair to fall off in due time, makes way for the new and in its parts to its fine and glossy appearance

THOMAS JONES, Editor
No 16 Ash Street.

CAUTION—The astonishing success of Billow's Heave Cure for the last two years, in the U States, has induced many unprincipled persons to imitate and counterfeit it, and even go so far as to caution the public against it, and endeavor thereby to palm off their worthless trash on the only genuine article. We declare that *Billow's Heave Cure* is the best article of the kind ever introduced into the United States, and we hereby offer the sum of *one thousand dollars* to any person who will prove the contrary. Consequently all such cautions must be imitations.

COMPOUND EXTRACT OF

SARSAPARILLA,

Wonder and Blessing of the Age.

THE MOST EXTRAORDINARY MEDICINE IN THE WORLD!

This Extract is put up in Quart Bottles—it is six times cheaper, pleasanter and more certain and superior to any cathartic it cures, without vomiting, purging, sickening, or constitution, the Patient.

The great purity and superiority of this Sarsaparilla over all others of the kind, which have been offered to the public, is not only proved by the wonderful cures it has made, but by the fact that it excites new, pure and rich blood, a power possessed by no other medicine. And in this lies the grand secret of its wonderful success—it purifies and vitalizes the blood, and when this is once accomplished, health must follow. In this extract are concentrated the best medicinal properties of Sarsaparilla, Stillingia, Yellow Dock, Mandrake, Pipsissewa, Wild Cherry, Prickly Ash, Poke, Dandelion, Burdock, Juniper, Queen's Root, Mezereon, Sassafras, Wahoo, Celandine, Bitter Root, Indian Turnip, Rhubarb, Senna, Manna, Cream Tartar, Iodine, Nitre, Gentian, Anise, Coriander, Caraway, Liquorice, Fennel, Cinnamon, Cloves, Nutmeg, Ginger, Allspice, Cubebs, Juniper Berries, Cardamom Seeds, Coriander Seeds, Caraway Seeds, Fennel Seeds, Anise Seeds, Liquorice, Gum Arabic, Cream Tartar, Iodine, Nitre, Gentian, Rhubarb, Senna, Manna
